Jeff,
I cancelled the meeting for tomorrow. Kindly let me know if any of the below dates and times work for you and Kim.

Have a great rest of the week

Regards
Prakash

Jeff,
No apologies necessary. We are happy to reschedule. I have a few dates to propose. Before moving the meeting to one of the proposed dates below, I want to clarify that Kim is ruling out Thursday? From her email, it seemed that she is trying to arrange for coverage. What was not clear to me, was if she is trying to get coverage for our meeting, or for her all day meeting so she could attend our meeting.

Can you please confirm that she is indeed out for this Thursday?

Alternative meeting date proposals

- September 30th Thursday – 2 or 3 pm central
- October 1st Friday – 8 am central
- October 5th Tuesday – 2 or 3 pm central
- October 6th Wednesday – 2 or 3 pm central

Regards
Prakash

Prakash

Sorry for any scheduling confusion. Can you send some times over the next few weeks and I will see how that works in with us as well.

Again, apologies,

Jeff

Kimberly,
From the below conversations, Jeff had proposed 9/23 for the meeting, which is why the calendar meeting reflects that date and time.

Unfortunately, tomorrow would not work for me, due to other commitments.

If 9/23 is not feasible, happy to discuss other date options.

Can you also please confirm the list of attendees, from your side. Will it still be Jeff and yourself?

Regards
Prakash

All, I have this held for Wednesday, the 22nd, and am unavailable on Thursday the 23rd (all-day meeting). Let me know which is correct. If Thursday is the correct time, I'll try to work out coverage. Thank you!

Jeff,
That will work for me and my team. Looking forward to having a good discussion with you and Kimberly.

I can schedule the teams meeting, if that works for you? Can you please confirm?

Kind regards,
Prakash

Prakash

I have some time available on 9/23 (11-12) if that works. I also would like to have my colleague Kimberly Nesci participate.

Thanks,

Jeff

Jeff,

I hope this email finds you well and you and family are staying safe and healthy.

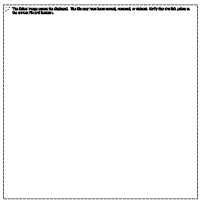

It was great to connect with you and the rest of the EPA team on our discussion on August 5th, thank you for sharing your time with us.

I was following up on our action items from the call. You had requested additional information on the Anvil 10+10 modeling work. To that end, we would like to meet with you over a teams call and share some of the details behind the modeling including the datasets.

Would you have availability the week of September 13th, or the week of September 20th? Let us know your availability and I can schedule a teams call.

Bill Farland and myself will be on the call from our end.

Looking forward to our discussions.

Prakash Iyer
